Summer break.

Right now I, Sakurai Momoka am training for the swimming club.

We have a tournament coming up so I came here before everyone else to practice.

Or at least that's what was supposed to happen...

Since no one is around I'm able to do things more freely.

Ah...

A girl that likes feeding off of my breasts suddenly appeared out of nowhere...

It's been one month since this girl "Lilly" showed up...

And during that time she's done whatever she pleases with me...
